**CONTRACT FOR PARTICIPATION BY NON-MEMBER
IN DISTRICT SOLELY FOR MITIGATION PURPOSES
Idaho Code § 42-5259**

THIS CONTRACT is made pursuant to Idaho Code § 42-5259 between American Falls-Aberdeen Ground Water District, whose office is located at 505 N. Oregon Trail, Post Office Box 70, American Falls, Idaho 83211 ("District") and the below-identified non-member of District, ~~Kasey Thompson~~ ("Non-Member").
Casey

RECITALS

WHEREAS,

A. District is an Idaho ground water district established, existing and operating pursuant to Title 42, Chapter 52, Idaho Code, with statutory authority to implement mitigation plans approved by the Idaho Department of Water Resources (hereafter "IDWR") in connection with, and in response to, formal delivery calls by senior-priority water right holders who are determined by IDWR to be materially injured by ground water diversions by junior-priority water right holders located within District.

B. Non-Member is a ground water user according to Idaho Code § 42-5201(8) and holds ground water right no(s). **29-7075A** which are potentially affected by delivery calls that have been made or may be made by senior-priority water right holders. Non-Member is not currently a member of District but desires to participate in District solely for mitigation purposes and to obtain all benefits of any mitigation plan, purpose, or activity District currently has in force or develops.

C. District has adopted and is implementing a mitigation plan (the "2024 Plan," approved in IDWR Docket No. CM-MP-2024-003) to provide its members with protection from curtailment by IDWR through IDWR's administration of the Surface Water Coalition delivery call (IDWR Docket No. CM-DC-2010-001).

D. Non-Member has submitted an annexation petition to District. However, there is insufficient historical pumping information associated with Non-Member's water rights, and there is insufficient time for District to acquire said information and evaluate whether annexation of Non-Member would be in the best interests of District before the 2026 irrigation season commences.

E. Non-Member has no other feasible option to obtain protection from curtailment during the 2026 irrigation season, and District desires to assist Non-Member on an interim basis until Non-Member's annexation petition can be properly evaluated.

SCANNED
JUL 21 2026

AGREEMENT

THEREFORE, for and in consideration of the mutual covenants and promises set forth herein, the parties agree as follows:

1. District Findings. District finds that the 2024 Plan is likely to be effective in mitigating the effects of Non-Member's ground water use and that including Non-Member within the 2024 Plan's coverage, under the terms set forth below, will not impair the effectiveness of the 2024 Plan as to District members.

2. Term. This Contract shall be effective from April 1, 2026, until March 31, 2027, unless terminated earlier under Paragraphs 5 or 6.

?

a. This Contract does not preclude District from annexing Non-Member before March 31, 2027, and such annexation shall not terminate or otherwise alter the provisions of this Contract. This Contract does not require District to annex Non-Member at any time.

3. District Obligations. District shall perform as follows:

a. Upon execution of this Contract by all parties, District shall promptly notify IDWR of Non-Member's participation in the 2024 Plan and shall take any and all reasonable steps necessary to ensure Non-Member is protected from curtailment for the duration of this Contract.

4. Non-Member Obligations. Non-Member shall perform as follows:

a. By May 1, 2026, Non-Member, shall pay District a total sum of **\$75.00**, which is \$1094.09 per cfs (District's 2026 assessment rate for mitigation-only members) multiplied by the **0.06 cfs** that is authorized under water right no(s). **29-7075A**.

b. Non-Member shall limit its pumping in accordance with the District's tiered system, which allocates water as follows:

Water Right Priority Date	Pumping Allocation
01/1927-07/1961	2.00 AF/acre
08/1961-02/1977	1.70 AF/acre
03/1977-06/2001	1.58F/acre

Accordingly, based on priority date(s) of **02/04/1972** (tier 2), and **3.10** authorized acres, Non-Member shall not pump more than 1.70 AF per acre in 2026.

c. Non-Member shall measure and report its pumping to District on a monthly basis beginning June 1, 2026 until the end of the 2026 irrigation season.

5. Effect of Breach by District. Any failure by District to perform the obligations set forth in Paragraph 3 shall terminate this Contract and District shall reimburse Non-Member for the payment provided under Paragraph 4.a. without interest or penalty.

6. Effect of Breach by Non-Member. Any failure by Non-Member to perform the obligations set forth in Paragraphs 4 shall terminate the Contract immediately and District shall immediately report said termination to IDWR. Moreover, any failure by Non-Member to perform the pumping reduction obligation set forth in Paragraph 4.b. may affect the terms associated with any future annexation of Non-Member into the District. Non-Member shall not be entitled to reimbursement of the payment provided under Paragraph 4.a.

7. Release. To the fullest extent permitted by law, Non-Member shall hold District harmless from any and all claims, demands, damages, or losses suffered by Non-Member or its agent resulting from any District action or inaction, including a breach of this Contract.

Re: Change in Water Right Ownership: 29-7075 A (Split into 29-7075 A and 29-14582),

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at 208-497-3787.

Sincerely,

Jonie Bailly

RE: Change in Ownership Water Right No. 29-7075A

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. information required is indicated below:

**** **Additional Filing Fee:** On June 22, 2026, the department received a Notice of Change in Water Right Ownership from you. According to the information provided this notice will require a split. Please review the attached map. If you believe a split is required an additional filing fee is required. The fee for an ownership change resulting in split is \$100.00 per water right, therefore an additional \$75.00 is required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
