Re: Point of Diversion and Place of use locations for CFRBA Water Right Claim 96-8228

Dear Idaho Department of Water Resources:

Per our phone conversation Tuesday, July 7, 2026, we are including both the locations of the unnamed springs as well as pictures of the springs collection point. It is our understanding that the previous water rights had mentioned a stream. To the best of our knowledge and after conferring with neighbors, we believe there are only the two springs and no stream.

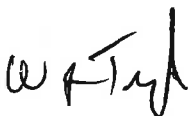

We have marked the two springs and the collection cistern, as well as the area that is being irrigated on the diagram you sent to us in your letter dated June 10, 2026.

If more information is needed, please reach out to us at the address above or at (941)587-5977.

Thank you for your help with this,

Michelle Tingle
