SUBJECT: Bear River Basin Adjudication (BRBA) Claim 11-7826 Rejection

Dear claimants,

The Idaho Department of Water Resources (IDWR) received your BRBA water right claim 11-7826. A letter dated June 6, 2025 was sent regarding missing claim information (enclosed). The claim submission requires a map that identifies the point of diversion and place of use.

Following the response deadline from the previous letter, BRBA claim 11-7826 is rejected.

Enclosed is the original claim and a map of the general area. If you mark an X on the diversion location, outline the irrigated area from the Beus Ditch, and mail the claim form and map back to the Preston Field Office (address in the header of this letter) before the response deadline above your claim will be reactivated and no further action is needed. If you do not resubmit the claim with completed map, the department will refund your \$55.00 filing fee and your water right will be recommended as disallowed to the presiding court.

Feel free to contact me if you have any questions regarding this rejection or would like assistance.

Sincerely,

Christopher Holmes
