Hi James and Brian,

Here are notes from our discussion this morning:

- 11-9967 and 11-9968: IDWR will allow Hardcastle Bern Ranch to amend the claim to correct the priority date
- 11-9953: IDWR will allow Hardcastle Bern Ranch to amend the claim to correct the POU description.
 - IDWR will assist James with preparing a corrected map that will be included with the amended claim.
- 11-9641 and 11-9643: IDWR will conduct further analysis and conduct a field exam to better understand the basis of these claims and other claims involving Bern Dam.
 - It would be great if this site visit is coordinated so that I can be there, at the request of James.
 - If IDWR determines that an amended claim should be filed, then IDWR will allow Hardcastle Bern Ranch to amend the claim accordingly.
- 11-4232: IDWR will allow Hardcastle Bern Ranch to amend the claim, such that an affidavit is added.
 - IDWR will scan in the letter recently sent regarding this claim and needing more information

If I have left anything out or misrepresented the discussions this morning, please let me know. Thank you!

Kind regards,

 Sunrise Engineering
