

1

Introduction to Project & Data Room

Cat Creek Energy

Project Overview

2

- THE FULLY-INTEGRATED SOLUTION TO STRENGTHEN THE WESTERN TRANSMISSION GRID AND ADVANCE DECARBONIZATION WHILE MAKING MORE WATER STORAGE AVAILABLE REGIONALLY
- THE PROJECT THUS REPRESENTS A DRAMATIC STEP FORWARD IN THE ONGOING EFFORT TO DEAL WITH THE PROJECTED INCREASE IN FLOODING AND DROUGHT CONDITIONS, TO INTEGRATE RELIABLE RENEWABLE ENERGY AS FIRM-DELIVERABLE INTO UTILITY GRIDS, AND TO PROTECT AND PRESERVE THE LOCAL ENVIRONMENT IN WHICH IT IS IMPLEMENTED.
- LARGE VOLUME, LONG DURATION (“LVLD”) ENERGY STORAGE IS THE KEY TO THE CONVERSION OF THE WESTERN TRANSMISSION GRID TO RENEWABLES.

A Flexible Water Resource

3

CAT CREEK ENERGY DELIVERS WATER

- WHEN YOU NEED IT
- IN VOLUMES THAT MEAN IT
- BY A MEDIUM THAT PROLONGS IT
- WITHOUT SOCIETY SCREAMING ABOUT IT
- THROUGH A DELIVERY SYSTEM THAT ENHANCES IT
- IN A PACKAGE OF LAND AND PERMIT CONTROLS THAT SECURE IT
- THROUGH DIVERSITY OF APPLICATIONS TO ECONOMICALLY MAXIMIZE IT
- ENHANCED BY AN ENERGY STORAGE AND GENERATING SYSTEM TO AUGMENT IT
- INTO THE NEXT CENTURY TO ENSURE THE TRANSFORMATION NECESSARY TO GALVANIZE IT

Company

4

- Cat Creek Energy, LLC is an Idaho limited liability special purpose company as the Project company.
- The Cat Creek Energy & Water Storage Renewable Power Station is the facility.
- The facility provides renewable power and energy storage for the Western transmission grid.
- The facility provides water storage for Idaho Water District #63.

Virtual Data Room (VDR)

5

- Cat Creek Energy is providing this sophisticated document retrieval system to help facilitate an orderly review of information in reference to the Cat Creek Energy filings for water rights permits with the state of Idaho totaling 101,300 acre-feet.
- A withdrawal rate maximum of 9,996 cfs.
- A new off-stream reservoir to secure 100,000 acre-feet capacity.

VDR Features

6

- Portal to Cat Creek Energy IDWR Information.
- Ability to view documents (with Adobe Flash installed and activated on your device). Please be patient, large files take a few minutes to load.
- Ability to download documents and view them on your device.
- Ability to ask questions and view answers will be activated on April 20, 2020.

Update Notifications

7

- Users will be notified via e-mail when there are changes in the virtual data room (VDR).
- The default for this feature is reset to once a day.
- Users can adjust the frequency of email notifications from real time through once a day from the upper left pull down menu in personal settings.

Contact for Technical Assistance

8

- For assistance in the VDR, please contact:

Peggy Beltrone

Cat Creek Energy

Peggy.Beltrone@gmail.com

- You may find that your question has already been answered in our Q & A section.

Q & A Function

9

- COMING SOON
- A feature that will let you ask questions of the data room administrator and for answers to be posted in the same folder.
- Activation on April 20, 2020
