Re: Amended Notice of Claim to a Water Right form for CFPRBA Claim No. 96-8228

Dear Claimants,

The Department of Water Resources has reviewed your Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) water right claim. Through my review of your claim, I became aware that the claim submitted includes a lower total diversion rate than what was originally licensed.

Notice of Claim to a Water Right no. 96-8228 was submitted for the use of water from a spring and an unnamed stream and for domestic and irrigation purposes, based on an existing water right license. That license includes a diversion rate of 0.02 CFS of water for domestic use and 0.03 CFS for irrigation, totaling 0.05 CFS. The claim submitted online includes a total diversion rate of 0.03 CFS and did not total the rates for both uses. Before your water right claim can be recommended with the total diversion rate originally licensed, an Amended Notice of Claim to a Water Right form must be submitted.

To assist you with this process, I am sending you an Amended Notice of Claim to a Water Right form, which can be utilized to amend your claim to include the total diversion of the original water right (0.05 CFS). For your convenience, I completed much of the amended claim form for you, utilizing all the information from your previous claim as well as from the water right license. If any changes are made, be sure to initial those changes before signing the claim form.

PLEASE NOTE: If the enclosed Amended Notice of Claim is not signed and returned, the claimed water right serving your property (96-8228) may be decreed by the Court with a reduced diversion rate from the original license.

After your review and signature, please return the amended claim to our office at the address listed above. There is no charge for amending the claim as it is still pending in the adjudication. Do not hesitate to contact our office if you have any questions or concerns. We can be reached by phone during business hours at 208-762-2800.

Best Regards,

Evan W. Roda
