Right Acre Limit: 3.00  
 POU Total Acres: 5.0

**Conditions of Approval:**

1.      X27      This right is limited to the irrigation of 3 acres within the place of use described above in a single irrigation season.
2.      X35      Rights 29-13849 and 29-13853 when combined shall not exceed a total diversion rate of 0.03 cfs, a total annual maximum diversion volume of 11.3 af at the field headgate, and the irrigation of 3.7 acres.
3.      X35      Rights 29-13849, 29-13851 and 29-13853 when combined shall not exceed the irrigation of 5 acres.
4.      01M      After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
5.      046      Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
6.      R63      This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
7.      S41      The use of water for irrigation under this right may begin as early as April 1 and

## Proof Report

may continue to as late as October 31, provided other elements of the right are not exceeded. The use of water before May 1 and after October 1 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.

- |     |     |                                                                                                                                                                                                                                                                                                                                            |
|-----|-----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8.  | T07 | The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.                                                                                                                                                                                                                     |
| 9.  | T08 | Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.                                                                                                                                                                                                  |
| 10. | T19 | Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree. |
