Re: Amended Transfer Approval No. 90071 (Veolia Water Idaho Inc.)

Dear Scott and Mike:

Thank you again for working with me and Edwards Family LLC regarding correcting the initial above-referenced transfer approval of July 13, 2026. I am writing to briefly call the Department's and Veolia's attention to what appears to be a typographical error or oversight in the amended transfer approval of August 13, 2026. When reviewing the amended approval, Heidi Netter with Spronk Water Engineers made the following observation:

I identified one APOD inconsistency between the proposed Transfer No. 90071 and Attachment B to the stipulation. For Water Right No. 63-31857, the transfer's narrative APOD condition (Transfer p. 9) does not list the Bali Hai well, whereas the Stipulation (Attachment B p. 17) does. Although the transfer tabular POD description includes the Bali Hai well location (Transfer p. 7; SENE, Section 3, T03N, R01E).

Edwards Family and I agreed that this observation did not warrant a follow-up petition for reconsideration, and we are aware that the deadline for formal challenges has expired. We simply point this observation out for further consideration by the

Department and Veolia, and we leave it entirely to your discretion as to whether this justifies a slight modification of the transfer approval.

Thank you again for your attention and cooperation with Edwards Family on this matter.

Sincerely,
VARIN THOMAS LLC

Scott and Mike, good morning.

I've attached here a short comment letter from Edwards Familiy in the above-referenced matter. Long/short, we think we noticed a potential typo/error in the amended transfer approval, but did not want to hold things up further, so are providing this comment letter after the filing deadline in lieu of something more formal. Please take or leave it as you see fit.

Thanks,
Dylan
