## Comments

Proof was first received on 07/10/2026 and was returned 07/13/2026 with a deficiency letter for the diversion rate and license exam fee. Proof was resubmitted on 08/10/2026 with the license examination fee. The Proof still doesn't state the total diversion rate but is deemed acceptable because the license exam fee received covers the permitted maximum diversion rate. Gave file to water right agent for in-house license review. Water right agent will enter the proof received date in AdHoc at the time of licensing.
