Name and address of protestant and matter being protested: Edwards Family LLC

("Edwards" or "Protestant"), through undersigned counsel of record, hereby files this Notice of Protest to Application for Transfer No. 90564 (the "Application"), filed by Micron Technology, Inc., pursuant to Idaho Code Sections 42-222(1), 42-203A(4) and IDWR Rules of Procedure 002.16, 154, and 210. Edwards' mailing address is through counsel of record per the caption above, and the \$25 protest fee is being submitted contemporaneously with this Notice. Edwards hereby agrees to accept service of all documents in this matter by email at the email address in the caption above.

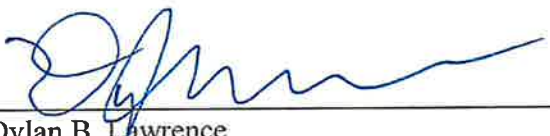

Basis of protest: This Application and the companion applications to amend water permit nos. 63-34614 and 63-34615 appear to request changes to groundwater rights with points

of diversion within the Boise Front Low Temperature Geothermal Resource Ground Water Management Area designated by the Department on June 15, 1987 (the "GWMA"). Protestant's groundwater right 63-14 is also diverted within the GWMA. Based on the limited information in the Application and the limited amount of time before the protest deadline, Protestant is unable at this time to determine the extent of any impacts of the proposed changes requested in the Application. By filing this protest, Edwards seeks to confirm the Application is consistent with Idaho Code Section 42-222(1) and its prohibitions against injury and enlargement, and that appropriate Conditions of Approval are included on any order approving the Application.

Review criteria that are not a basis for this protest: Those not specifically enumerated above.
