RE: License No. 98-8127

ISSUANCE OF LICENSE

Dear Water Right Holder(s):

The Department of Water Resources ("Department") has issued the enclosed Water Right License confirming that a water right has been established in accordance with your permit. Please be sure to thoroughly review all the conditions of approval listed on your license. The conditions may include ongoing requirements, such as maintenance of a measuring device or implementation of mitigation, as well as information about how your water use may be administered, such as regulation by a watermaster in a water district.

The license is a PRELIMINARY ORDER issued by the Department pursuant to Rule 730 of the Department's Rules of Procedure (IDAPA 37.01.01.730). It can and will become a final order without further action by the Department unless a party petitions for reconsideration, files exceptions, or requests a hearing as described in the enclosed information sheet.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Water right forms are available from any office of the Department or on the Department's website at idwr.idaho.gov

If you have any questions concerning the enclosed information, please contact me at (208) 287-4920.

Sincerely,

Catalina Beck

One of the spring locations was completed in 1977 and has been in use ever since for our household use and for watering cattle.

We are duplicating this process with the second fresh water spring.

In 1977 we understood that our parents had completed the process to obtain a water right for our household use and for watering their cattle. In 2012, we discovered this had not happened, and therefore we started the process ourselves.

Thank you for your help and patience. We fully intend to have this project completed by the fall of 2019. If you have any questions, please call me at 208-267-3008.

Respectfully,
