DEPT. OF WATER RESOURCES
EASTERN REGION

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

**NOTICE OF DIVERSION AS AN ALTERNATIVE TO
INSTREAM STOCKWATER USE**

(To provide notice of intent to divert surface water from a stream or riparian area to troughs or tanks as an alternative to instream use for the watering of livestock)

1. Name of right holder William Cody Grant Weeks Phone 208-380-3892
Mailing address 1800 N 3400 W Malad ID 83252 Email cherie.weeks98@gmail.com
2. Source of water supply Spring tributary to Devils Creek
3. Point of Diversion:

- a) Is this notice based on an existing recorded instream stockwater right? If yes, provide the water right number _____

If no, describe the beginning and ending points for the instream stockwater use:

Beginning point is in Gov't. Lot _____, _____ 1/4 SW 1/4 NE 1/4,
Section 22, Township 13S Range 36E, B.M.,
Oneida County.

Ending point is in Gov't. Lot _____, _____ 1/4 SW 1/4 NE 1/4,
Section 22, Township 13S Range 36E, B.M.,
Oneida County.

- b) Alternate point of diversion is in Gov't. Lot _____, _____ 1/4 SW 1/4 NE 1/4,
Section 22, Township 13S Range 36E, B.M.,
Oneida County.

4. Description of diversion and delivery system:

- a) Describe the type of diversion Spring box will capture water in spring.
- b) Describe the delivery system Water piped from spring to two troughs.
- c) Describe the number, type and total capacity of troughs or tanks Two.
Each trough will hold 250-500 gallons.

- d) Describe the automatic shutoff or flow control mechanism or means of returning unused water to the source Troughs will be equipped with float shut off valves.
- e) Describe how the system is designed to allow measurement of the rate of diversion Water could be measured in the troughs at the inflow pipe.

5. Describe the place of use by placing an X in the appropriate 40-acre tract(s) below:

TWP	RGE	SEC	NE				NW				SW				SE			
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE
13S	36E	22			X													

6. Priority date claimed or established January 1, 1985
7. Rate of diversion 0.02 cfs
8. Season of use: from 4/1 to 12/31
9. a) Who owns the property at the point of diversion? William Weeks
b) Who owns the property at the place of use? William Weeks
10. When will construction occur? 2025
11. Comments (include number and type of stock) Stockwater will be for 150 cattle.
The cattle are rotated between various pastures throughout the summer.
12. Map of project required - Attach an 8½"x11" map clearly identifying the location of the instream stockwater use and the locations of the alternative point(s) of diversion and stock trough(s). A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.

I hereby assert the following:

- a) Diversion is from a surface water source to which the livestock would otherwise have access. The land where the watering tanks or troughs will be located is land from which the livestock had access to the source of water from which diversion is being made.
- b) The diversion of water out of the stream as described in this notice is for watering livestock and will not injure other water rights.
- c) I will not alter the bed and banks of the source as the term is defined in section 42-3802, Idaho Code. I understand that I may place an inlet conduit into the source in a manner that does not require excavation or obstruction of the stream channel, unless the director of the department of water resources approves a stream channel alteration permit for additional work.
- d) I understand that upon determination of interference with other water rights, the Director may order curtailment of diversion or use of water under this notice or may require the diversion and delivery system to be modified to prevent injury.
- e) I will not divert more than 13,000 gallons per day for livestock watering from this diversion, and I will not use more than one point of diversion under this notice.
- f) I am authorized to make the changes described in this notice and that if the notice involves a federal grazing allotment, the permittee consents to the changes described in this notice.
- g) I understand that any willful misrepresentation on this notice will void any right to divert water for livestock under this notice.

Dated this 26 day of June, 2026

RE: Notice of Diversion for Instream Stockwater Use 15-7551

Hello,

The Department of Water Resources acknowledges receipt of the water right notice you submitted under Section 42-113(3), Idaho Code. Please refer to the above referenced numbers in all future correspondence regarding this notice.

The filing of a notice does not confirm the validity of the water right. It will serve to record and preserve the information regarding the notice.

Please note that the diversion described in your notice may occur only if the following conditions are met.

- The water is diverted from a surface water source to a trough or tank through an enclosed water delivery system.
- The water delivery system is equipped with an automatic shutoff or flow control mechanism or includes a means for returning unused water to the surface water source through an enclosed delivery system, and the system is designed and constructed to allow the rate of diversion to be measured.
- The diversion is from a surface water source to which the livestock would otherwise have access and the watering tank or trough is located on land from which the livestock would have access to the surface water source from which the diversion is made.
- The diversion of water out of the stream in this manner does not injure other water rights.
- The use of the water diverted is for watering livestock.
- The bed and banks of the source shall not be altered as that term is defined in section 42-3802, Idaho Code, except that an inlet conduit may be placed into the source in a manner that does not require excavation or obstruction of the stream channel, unless additional work is approved by the director of the department of water resources.

- The amount of water diverted for watering of livestock in accordance with this subsection shall not exceed thirteen thousand (13,000) gallons per day per diversion.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

Thank you,
