RE: Change in Address for Water Right No(s): 65-13959, 65-22781, 65-22861

Dear Water Right Holder:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing the address for MARGARET L BERGGREN for the above referenced water rights. Additionally, the second owner on the water right, Leon E Berggren, has been removed as a current owner, per the documentation provided. The Department has modified its records to reflect this change in address and removal of current owner, and a computer-generated report is enclosed for your records.

Also, please note that water right/permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact our office at (208) 334-2190.

Sincerely,

Marina Bozdog
Technical Records Specialist I

Conditions of Approval:

1. R05 Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 65A.
2. R02 A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
3. If a downstream water right holder feels his prior water right is not being satisfied, he shall notify the watermaster of State Water District No. 65A, Squaw Creek, and the holder of this water right of the need for water measurement and regulation. Notice shall also be given to the Idaho Department of Water Resources.
4. R69 This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the lands above.
5. 103 When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.
