Connie and Jerry did a review of the budget amounts per right holder, in regard to last years meeting assignment. Historically, the upper users had a formula, and the lower users had a different formula. The basis for each were never known. When the two districts were combined, the upper and the lower users budget was combined into one with no changes. The need for a change came about when properties were split, combined, or new water rights issued by IWDR. At the request of the users, we worked out a simple and fair distribution of the budget for the patrons. It is based on the total quantity of all current 57R water rights: 97.08 cfs or 4,854 inches. The budgeted amou00 nt is divided by the total quantity of all rights to get a percentage for the cost of each cfs or inch. The annual budget, if set at \$5,000 for example, would be assessed at 1.03008% per cfs or inch. The new budget will have small adjustments up or down from the previous budget. Connie Brandau made motion to approve the budget pro-rated amounts. Theron seconded the motion. Motion passed, none opposed

Chairman Brandau called for a motion to set the budget. Connie Brandau made motion to adopt a budget of \$5,000. Dean Young seconded. Motion passed, none opposed. (Adopted budget is attached)
