Re: Water District 61E, Treasurer Oath

Dear Paula:

The Idaho Department of Water Resources (IDWR) understands your district collects its own assessments instead of relying on the county for that effort. In those circumstances, IDWR is required to obtain a completed oath from the district treasurer. After that, IDWR must issue a certificate of appointment for the treasurer.

The oath only needs to be submitted one time for any elected treasurer. A new oath will be necessary if a different treasurer is elected in the future. However, IDWR must issue the certificate of appointment every year.

Please complete and return the enclosed oath by **March 13, 2015**. Thank you for your help with matter. Please call me at 208-334-2190 if you have any questions.

Sincerely,

Steve Lester  
Interim Western Region Manager
