Mr. Franklin;

I am requesting copies of the Water Masters Reports on Rock Creek for the irrigation year 2012, from the start of the irrigation year and up to and including Oct. 17, 2012.

In these reports I am looking for the following information:

- 1: The daily records of total stream flow at the various measuring points on Rock Creek.
- 2: The water right holders that were distributed water, the date of each delivery, the flow of each delivery, and the length of time of each delivery.
- 3: The list of dates when each water right was cut off from delivery due to low water levels in Rock Creek.

I am assuming there will be a reasonable charge for the cost of making these copies. I am prepared to make a reasonable payment as soon as you inform me of the cost.

I am requesting these record copies and information as:

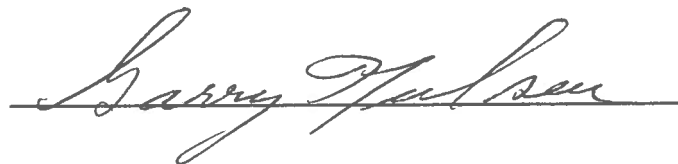

- 1: A holder of declared water rights on Rock Creek.
- 2: As a citizen of the United States and of the State of Idaho.

Such records and information being covered under the Open Records law of the State of Idaho.

I need these records and information for a research project I am conducting and I am therefore requesting that you supply them on an "As Soon As Possible" basis. Please feel free to contact me if you have any questions.

Thank You for your time and prompt co-operation.
