MAR 06 2020

DEPT OF WATER RESOURCES  
SOUTHERN REGIONADOPTED RESOLUTIONS FOR 2020

Note 1. The Water Master will be paid 50% of the maintenance fee budgeted for the current year that is collected in that year. The balance, after deducting the actual cost for office expense will be paid to the Secretary/Treasurer. Also, if "called" during the year, the Water Master will be paid \$25 for each call plus out-of-pocket expenses. The person calling (the caller) will be the person responsible for paying the fee. The Water District also has the option of placing the Water Master on a monthly salary for any 30-day period, should it be deemed necessary during a water shortage period. If hired for a thirty day period, the Water Master will be paid \$500 for any 30-day period hired. After the 30-day period, the Water Master would go back to being on a "call" basis, unless it was determined that he was needed for another 30-day period or fraction thereof. The "call" fee would be inapplicable during the 30-day hire period. If hired on a 30-day basis, a determination at the time of hiring, of who would pay the 30-day fee would be made. Accordingly, because of the contingent nature of such a fee, it is not included in this budget.

Note 2. Only current water right holders of Water District 47G from Balanced Rock Crossing to the Snake River, on Salmon Falls Creek, are listed and are being charged a maintenance fee. Any water holders or reservoirs, waste water, nonconsumptive water users, domestic water wells, power generation permits or applications, tributaries to Salmon Falls Creek and holders of applications to water rights have been excluded from such maintenance fee and are not included in the Water District 47G budget. It was further agreed not to include in the budget, any water right holders under water right 47-2159 with the exception of Bob Ring farm. The rest are "residential" type water right holders. It was also agreed not to include in the budget, any United States of America water right claims for claims filed in the adjudication process, which we believe to be invalid claims.

Note 3. The Water Master's 2020 Proposed Budget was presented for the year. It was adopted as presented. It includes the same charge of \$1.00 per CFS as last year.

Note 4. Water right numbers 47-2316B, 47-2316C, 47-2402, 47-2417, 47-7642, 47-7615, 47-7618 and 47-7569 are limited to 24.71 total cfs.

Note 5. Water right numbers 47-2345 A&B, 47-2347 A&B, 47-7075 A&B, and 47-7136 A&B are limited to 23.29 total cfs.

Note 6. Storage rights are limited to available water in the creek.

DEPT OF WATER RESOURCES  
SOUTHERN REGION

WATER DISTRICT 47G

ANNUAL MEETING

MARCH 02, 2020

The annual meeting of Water District 47G was held at the El Cazador restaurant located in Buhl, Idaho at 12:00 p.m. Present were: Ron Elkin, Chairman/President, Armand Eckert, Treasurer/Secretary, Brad Draper, Brad Visser and Russell Visser. Representing the Idaho Department of Water Resources was Benny Walker. The Water Master, Charles Runyon, was not present.

It was moved and seconded that Ron Elkin serve as Chairman/President and that Armand Eckert remain as Secretary/Treasurer during the 2020 irrigation season and as mentioned above. In addition, it was moved and seconded that Charles Runyon be appointed the Water Master for 47G.

The previous year's minutes were read and approved as submitted to the Department of Water Resources during 2019.

Benny updated the group on current legislation. The date the Water Master reports have been extended from March to May; whereas previously, they were due in March.

It was noted that the Water Master was paid his 2019 fees. It was also noted that all water right holders had paid their 2019 assessments. It was moved and seconded to charge an 8% interest again this year for any unpaid charges not paid at year end. Interest would start immediately for any charges not paid within a reasonable time after being billed (i.e. 30 days).

It was decided to appoint Mr. Charles Runyan as Water Master and pay him on a "call" basis during the 2020 irrigation season. It was agreed that the pay rate would be at \$25 per call plus out-of-pocket expenses incurred by the Water Master during the "call" period. However, it was also agreed that if it appeared that the Water Master would be used for an extended period of time, in case of an emergency water shortage period, the District would hire Mr. Runyan on a monthly basis. His pay for any particular thirty days that he would be hired would be \$500. The \$25 fee would not be owed, if hired on this basis. Members of the District would decide too, as to how months Mr. Runyan would be hired full-time for (e.g. possibly he would only be hired full time for one month, and then go back to being on a "call" basis). It was also decided that the person making the request and the person for whom the request was made, would share equally in paying the Water Master his monthly fee.

It was also decided that the Water District would charge a maintenance fee for all consumptive water right holders and/or water users. The list of water right holders is on file at the Secretary's office. The fee would be at \$1.00 per cfs (Cubic Feet per Second of Water) for each water right holder.

The Water Master would also be paid 50% of this maintenance fee budgeted for (and collected in the same year), whether or not "called" during the year. If hired for any particular 30-day period (monthly basis), he would not receive any of the maintenance fee.

Collection of any "call" fees plus any expenses will be made by the Secretary/Treasurer for the District from the person requesting the call. The District will reimburse the Water Master immediately, whether or not the fee is collected. The same interest rate will also be charge as discussed above on any non-payments.

If the \$500 fee is used for any particular month, collection will be made from the District water users by the Secretary/Treasurer. The Secretary/Treasurer will also be responsible for billing of the maintenance fee to all water right holders.

It was decided that the above items pertaining to the hiring of the Water Master, Charles Runyan, for the 2020 irrigation season, his fee and the collection thereof, the maintenance charge, interest rate, etc., would all be in a form of resolutions submitted to the Department of Water Resources with the current year budget. Such resolutions were passed unanimously. The period of time for the possible employment of the Water Master would run from March 01, 2020 to October 31, 2020.

It was also decided to pay the Treasurer the remaining 50% of the budgeted monies after reducing for any office expenditures.

Further, it was decided not to charge any maintenance fee in the annual budget, for any water right holders with water right number 47-2159, except for the Todd & Neil Ring farm. All other water right holders are "residential" type water right holders. Also, any water right claims under the adjudication process by the United States of America would not be assessed a maintenance fee since they probably would not pay anyway.

The Water Master Report for 2019 was approved. The Water Master 2020 Proposed Budget was reviewed and adopted for the 2020 water year.

With that the meeting was adjourned

Armand M. Eckert, Secretary/Treasurer  
Water District 47G
