Date

Pursuant to Section 42-606 Idaho Code, this Watermaster's Annual Report shall be filed prior to the end of the watermaster's appointment for the current year, and kept in the office of the Idaho Department of Water Resources (IDWR). The Watermaster's Daily Diversion Records should be attached to this report if those records are not submitted electronically to IDWR.

Good morning – WD170 doesn't produce a traditional watermaster report. I do receive some self-reported data and it is entered to either WMIS or DWR Central, in lieu of a report.

WD72A enters all their data directly to DWR Central and also does not produce a report. You should check to see that 2020 data have been entered.

You should collect a watermaster affidavit from both districts. Mine is attached. You'll have to send one of these to Cindy Phelps and request that it be completed and returned.

Hi Cindy,
I need your 2020 Watermaster report before you go off and retire . And also I haven't gotten anything from 72A. Do you know if there is a problem or that I am dealing with new people?
Carrie
