Re: 2019 Water Meeting

The annual water meeting was a non- happening due to lack of attendance. Only Richard Austin (water user) and Jana Reeder (IDWR) were in attendance.

Our Water Master, after finding this out, contacted Nathan Erickson and Jana Reeder and apologized. The Water Master asked if we needed to reschedule another meeting. It was decided that if the water users were contacted and were in agreeance that the resolutions, budget and that the Water Master and Secretary positions remained the same, there would be no reason to schedule another meeting. The users were polled and are in agreeance with this. Therefore, this year's minutes are identical to last year's except the date. The water report remains the same also. The District members stated that attendance would be better in the future.

Please send any correspondence pertaining to Water District 45-C to Water Master Mike Poulton at P.O. 279 Oakley Idaho 83346 or to Secretary Kelly Adams at P.O. Box A Burley, Idaho 83318 or at adamsinc@pmt.org

Water District 45C

The annual meeting for Water District 45C was scheduled for March 11, 2019 at 2:00. Only Richard Austin and I were in attendance. Richard was unable to contact the Water Master or Secretary so we decided to adjourn the meeting after about 30 minutes.

Michael Poulton, the Water Master contacted Nathan and myself to apologize and to reschedule the meeting. After discussion it was determined that the small water district could reach out to all the water users and if they were in agreement to keep the Watermaster, Secretary, Resolutions and the Budget the same there would be no reason to reschedule the meeting. (There is a \$0.00 budget and no salary for the Water Master for this district) The water report also remains the same as water is limited in the area. The District members and water users stated that attendance would be better in the future.
