Meeting called order by Hans Hayden – 6:00 PM

Attendees: See attached "Water District 29-O Bannock Creek Drainage Annual Meeting" sign in sheet.

Meeting Chairman – Hans calls for nomination for chairman.  
Barry nomites Hans for chair. Stu seconds.  
Barry motions nomination ceases. Terry Shots Seconds.  
Hans is next year's chair . Vote is unanimous.

2019 Minutes taken by Jacob and Richard

Minutes from 2019 read by Hans,  
Terry motions to accept minutes . Barry 2nds. Unanimous.

Arbon Valley Water Resources. A small group of residents wanted to set up their own water district separate from IDWR. This would allow the AVWR to control water management in a proactive manner, Jerry Evans is the leader of this group. Oneida county set something up similar. We have learned from Tim Luke that the reason Oneida county was able to do this was because there was no active water district. We have one. 29-O. Ours was the only one setup to do both ground water and surface water.

Hans reads letter into minutes.

Commissioners and attorneys do not want to be involved. Even if approved by commissioners, it would need to be approved by IDWR. Nothing has come up lately. It seems to have died.

Appointment and hiring of water master.  
Terry nominates Richard. Stu 2nds. Vote is unanimous.  
Hans asked if compensation needs to be adjusted. Richard responded, 'No'.

Two mater users have not paid \$223.20. Richard will pursue the collection of these fees. Ending balance \$105.22. Savings balance was 3,132.68, the ending balance of \$105.22 will be moved to savings. Should we change the budget/assessments and use saving money to reduce out of pocket assessment fees for 2020? Hans and Ken both felt we need to leave the assessment fees as they are and build the savings and to be used as an emergency fund. Ken motions to keep the same. Vote is unanimous.

The water assessment fees of: \$50 base flat fee for those that don't use their water, a drive by inspection of their diversion points a couple times a season is required. The \$100 fee for those that use water but are at 5 acres or less and so require more frequent monitoring of usage and manual calculation of water usage. Those that use more than \$100 get actual CFS rate fee.

Richard handed out daily usage sheets for water users with 5 acres or less. This will help in recording a more accurate water usage.

BIA is asking how we are arriving at our numbers with our meters. Richard explained the meter readings but they're watching / interested.

BIA is wanting to know about the wells with multiple pivots and/or single pivots with multiple water rights at those wells.... How are we measuring that? Half pivot allowed 4ac and the other allowed 2af, how are we measuring that? Boise currently is looking at the annual acre feet totals, not daily. If a user goes over, then the next year it's watched a lot closer. BIA is pushing for daily use.

Budget is \$4,500 for the upcoming year. Vance motions to accept the budget Jason Williams 2nds. Unanimous.

Next year's mtg date. 1st Wed in March at 6pm. March 3rd. 2021

Terry motions to adjourn Unanimous.
