BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

RECEIVED

NOV 01 1995

Department of Water Resources
Eastern District Office

IN THE MATTER OF REQUIRING MEASURING DEVICES,)
CONTROLLING WORKS, AND ORDERING WATERMASTER)
CONTROL OVER ALL HEADGATES, CONTROLLING WORKS)
AND OUTLET GATE CONTROLS ON HAWLEY CREEK,)
PART OF WATER DISTRICT 74W.)

ORDER

After consultation with the watermaster of Water District No. 74W, and a field inspection by IDWR staff, the Department finds that inadequate measuring devices and lockable controlling works presently exist on Hawley Creek in Water District 74W.

Section 42-701, Idaho Code, provides:

42-701. INSTALLATION AND MAINTENANCE OF CONTROLLING WORKS AND MEASURING DEVICES BY WATER APPROPRIATORS -- PROCEDURE UPON FAILURE TO INSTALL AND MAINTAIN -- MEASURING AND REPORTING OF DIVERSIONS -- PENALTY FOR FAILURE TO COMPLY -- REPORT FILING FEE.

(1) The appropriators or users of any public waters of the state of Idaho shall maintain to the satisfaction of the director of the department of water resources suitable headgates and controlling works at the point where the water is diverted. Each device shall be of such construction that it can be locked and kept closed by the watermaster or other officer in charge, and shall also be of such construction as to regulate the flow of water at the diversion point. Each such appropriator shall construct and maintain, when required by the director of the department of water resources, a rating flume or other measuring device at such point as is most practical in such canal, ditch, wellhead or pipeline for the purpose of assisting the watermaster or department in determining the amount of water that may be diverted into said canal, wellhead or pipeline from the stream, well or other source of public water. Plans for such headgates, rating flumes or other measuring devices shall be approved by the department of water resources.

(3) Any appropriator or user of the public waters of the state of Idaho that neglects or refuses to construct or maintain such headgates, controlling works, or measuring devices. . . , upon receiving ten (10) days' notice from the director of the department of water resources within which to begin and diligently pursue to completion the construction or installation of the required device or devices or to begin and diligently pursue to completion a remedy to such defects as exist in accordance with said notice, then the director of the department of water resources may order the duly

qualified and acting watermaster of the water district to shut off and refuse to deliver at the point of diversion, the water owned by such appropriator or user until the user does construct and maintain such headgates, controlling works or measuring devices or remedy the defects which exist or the director may take action pursuant to sections 42-311, 42-350 and 42-351, Idaho Code, to enforce the requirement to construct, install or maintain such devices.

(4) The appropriators or users of the public waters of the state of Idaho shall be given a reasonable time within which to complete construction of such headgates, controlling works or measuring devices, depending upon the size and extent thereof, when due diligence has been used in the prosecution of such work.

THEREFORE IT IS HEREBY ORDERED THAT:

1. Those water users identified in Attachment A of this order diverting water from Hawley Creek and its tributaries shall install measuring devices and controlling works of a type acceptable to the Department prior to the 1996 irrigation season.

2. The watermaster shall shut off and refuse to deliver water from Hawley Creek and its tributaries to any water user identified in Attachment A who does not have adequate lockable controlling works and a measuring device after the start of the 1996 irrigation season.

Dated this 26th day of October, 1995
