To whom it may concern:

Enclosed is the watermaster's proposed Budget for 1997 for water district 74-M, Agency Creek, near Tendoy, Idaho. The budget is identical to last year, and the year prior. The water users in the District have self regulated for the past 2 years due to the fact that all users have agreed regarding water use, even during low water years. As a result, the appointed watermaster has not been called on and no budget expenditures occurred (watermaster's salary is usually the only expenditure the district incurs). This is expected to occur again this year. Again, no other costs are expected. As noted on the budget, no assessment is proposed because the watermaster feels that assessments collected in 1994 should cover his services and other costs for 1997, in the event that he is called on.

For the same reason, the watermaster's report is absent, since he was never called on.

This letter also serves to inform you of the upcoming water user's meeting, which a representative of the department is welcome to attend. Most water users probably will not be there, as many are absentee landowners.

**Place:** Tendoy School  
**City:** Tendoy, Idaho  
**Time:** 7:00 PM  
the 10th day of March, 1996.

I believe that the water users have also changed, for the most part from your list. The enclosure lists the current water users on Agency Creek.

Thank you for your patience. Please feel free to call me with any questions at (208) 756-2296

Sincerely,

  
Glenn A. Elzinga  
Secretary, Water District 74-M
