Director of Water Resources, Dave Tutthill

Dear Mr. Tutthill,

I wrote the Department of Water Resources in Idaho Falls about a concern I have on how a water right is being addressed. As I never received any response from Idaho Falls I am asking you to sort this out.

Water rights 74-0040 and 74-0041 are being supplemented with water right 74-0038. Water right 74-0038 is for a different place of use. This has been going on for

seven or eight years. If there was an attempt to legally transfer it I certainly never knew about it.

I trust you will look in to this and if I am wright instruct the watermaster to put it back in the ditch that this water right is decreed for.

Thank you

Sincerely,  
Allan Purcell

These rights are diverted out of Little Timber Creek in the Lemhi Basin
