RE: Transfer No. 4148, Wiggins Water Rights

Dear Gentlemen:

This letter is to advise you of conditions of approval for Transfer No. 4148 for Wiggins' water right nos. 67-04514, 67-07704 and 67-07723. All conditions of approval in a water right action are important and must be followed to protect the water rights.

I direct your attention to condition nos. 9, 10 and 11 in particular as shown in the enclosed highlighted copy of the approved transfer. As described in the conditions, Mr. Wiggins will install suitable measuring devices and other controls for Watermaster use. Additionally, the Watermaster will submit data to this office at the end of each irrigation season.

The annual data should be sent to me at the Regional Office by the end of the first week of November starting in 1994 and continuing until further notice. Please be sure to mark your calendars for this important date.

Please contact me if you have any questions about this or other matters.

Sincerely,

A handwritten signature in cursive script that reads "Steve Lester".
