RE: Weir below Boulder Meadows Reservoir.

Dear Mr. Catlin:

I apologize for not responding sooner concerning plans for a weir. In checking the Boulder Meadows construction plans, there were no plans included for the construction of a weir, and unfortunately our office does not have generic weir plans available.

I have forwarded your request to Tom Lance of the Valley Soil and Water Conservation District in Cascade. He indicated, the staff would be glad to assist you, feel free to contact the District at 382-3317.

Sincerely,

John Westra
Western Region
