Regarding 65-D water District Billing Charges:

Dear Sir:

Since June, 1996, when Ivan Phelps, the ditch rider, told me that my bill should not be \$91 plus but more like 15-20\$ I have been trying to find out why without success.. Hopefully you can.

Thank you for your attention to this matter.

Very truly yours,

RE: Huffman Complaint

Mr Maki stated the water for the Huffman place came through  
Boulder ditch off Boulder Creek. Diversion from Boulder Ditch is  
through a lateral to field. The Watermaster delivers directly to  
lateral there are no measuring devices. Mr. Maki stated he always  
had adequate water supply, and had no complaints with the water  
district. I stated, I would discuss Mrs. Huffmans billing at the water dist meeting  
checked WR acreage 72 ac. (Maki said that was correct)
