Re: 1994 Water District Assessment

Dear Carlyne:

When I received notification from IDWR and a bill from you for the above referenced assessment in November, I passed them on to Marty Broom.

After receiving notification from Mr. Westra, I confirmed that the assessment has not been paid. I herewith enclose Wallace Corp. check #1075 for the amount of \$448.27, in payment of that obligation.

I apologize for your receiving this payment so late, it was not my intention.

Sincerely,

George Dovel
