Steve,  
George Dovel did not have his measuring device installed this season. He did not get his system up and running until well after Sept. 15th. In talking with George about the device, he indicated he was working with the IDWR and was scheduled to meet with them in February. I advised him this must be completed and approved before any water would be delivered in 2004.

I respectfully request the annual salary of 200.00 for the 2003 season. If you need any further information, please let me know.  
Happy Holidays and Good Wishes for 2004
