TO: Helen Bivins, Payette River Watermaster
FROM: Bob Sutter, IDWR Hydrology Section
SUBJECT: 1994 District 65 Rental Pool and Excess
Storage Use.

Attached to this memo is list of excess storage use by user which must be covered by water from the Rental Pool. These values include the 1.7 percent add-on for operational loss. The total remaining excess use is 5,685.5 acre-feet.

The attachment also shows the Rental Pool activity to date. A total of 5,000 acre-feet has been placed in the pool and 3,432.4 acre-feet has been rented and used leaving 1,567.6 acre-feet available. Therefore, an additional 4117.9 acre-feet is potentially needed in the pool to cover excess use.

I have also attached the list of those users who have already purchased rental water and have noted those who used less than their rental. This water was returned to the pool and is included in the 1,567.6 acre-feet available.
