MEETING NOTICE

Approximately one week ago, I visited with Mardell Williamson and with Jerry Myers, watermaster for the Weiser River, about a dispute over delivery of stockwater from Deer Creek and Mann Creek into the Joslin Ditch, located in Washington County. I understand that Jerry Myers also spoke to Jim Brown and possibly Jim Davies, who are other nearby landowners and/or waterusers. As a result of these conversations, everyone thought a meeting would help to resolve the dispute.

Notice is given that a meeting will be conducted on Monday, February 5, 2001, at the hour of 3:00 p.m. at the Midvale City Hall, Midvale, Idaho. If necessary, we will travel to the diversion location(s) to observe and discuss the physical facilities. I invite you to attend.

Sincerely,

Gary Spackman

Met with waterusers. They do not want the watermaster to regulate at the present ~~time~~ time. They will attempt to resolve their differences informally.
