Steve Dobson
J.C. Fry

Marty Broom – self and Randy
Ray Evins – Ranch Hand for Mr. Rumsey
Leecha R. Hernandez – Secretary to Mr. Rumsey
Oliver Dobson
Steve Lester – Dept. of Water Resources

The minutes of the 1998 meeting were read and accepted as read

Steve Lester ask Hank is their any thing that he would like to mention about last year 1998. Hank reply yes there has been a big file up on are paper work here I don't know if it is our mail here are we did not get the information to them. As of today the total for 1996, 1997 and 1998 would come to 862.00 subtract that from the 1900.00 would be around a eleven hundred dollars left in the account. What I proposed to do now talking with John I would turn in a budget and break this down so we know where were going. But the two figures that we had last year 1 was already set and one was a estimate but that was the 862.00 those two figure together That I will turn in to the District for the four years. Steve Lester said so the 862.00 is the water Master salary owed. Hank said water master and mileage for 1998.

Hank said since I'am not being called on how do we want to access the 862.00 after it is broken Up? Just the water user our do we want to go for the whole district? Steve said well I guess that Is up to the members.

All officers re-elected.

New Business: none

Group was advice that the next meeting will be the first Wednesday in March 2000. Place meeting Will be held is Long Branch.

WM Report

No calls for water since 1995.

@ \$862 total WM services w/ mileage etc.

1995-1998 per I.D. OK.

current balance @ \$1900, would have @

\$1000 + 12 acct. area WM paid.*

Proposed budget @ \$1000 + 50 new new assessments needed.

WM will submit summary to acct. for this (proposed budget).

Members approved this.

* Hank keeps saying will take care of this but no results so far.

Other business-

1) drawdown meter device is overflown, especially #1 input on #2 (seems like problem has been fixed).

2) m.d. flows - how to establish if interested.

3) ponds e d.d. south Plu -
#1 ; #12 GSB How after approval few years ago
min water (#15) also supplies ponds.

4) changes in ownership -
Buyer need to fix this asap.

Davel sold irrig Plu to Randy Hettner.

5) Rt. Box # addresses changed to street addresses -
but P.O. boxes still ok.

6) SRBA updates.

7) no field mtg. needed beg'd in season (probably no calls for water since good H2O supply).
