Mr. Jerrold D. Gregg
Snake River Area Manager
Bureau of Reclamation
214 Broadway Ave.
Boise, Idaho 83702-7298

Dear Mr. Gregg:

Thank you for your correspondence dated March 16, 1995 asking that 95,000 acre feet of uncontracted storage water be placed in the rental pool for the purpose of flow augmentation. Assuming that both Cascade and Deadwood reservoirs fill later this spring, the Water District will honor your request. Enclosed please find both a lease agreement and a rental agreement that must be filled out prior to the above mentioned transaction taking place. The lease agreement places the water into the rental pool and the rental agreement assigns the space to your intended use.

Also, it has come to my attention that the administrative fee for uncontracted storage water rented from the Water Bank during the 1994 season has not yet been received. I am enclosing another copy of the billing sent to you on February 2, 1995. If I can be of any further assistance, please give me a call.

Sincerely,

Mark Limbaugh
Watermaster
