ENV-1.10

RECEIVED

APR 21 1995

WATER RESOURCES
WESTERN REGION

Mr. Dave Tuthill *DT*
Idaho Department of Water Resources
1301 North Orchard
Boise ID 83706

Dear Mr. Tuthill:

The Bureau of Reclamation recently completed an Environmental Assessment and Finding of No Significant Impact for the management of the uncontracted storage space in Cascade and Deadwood Reservoirs, major storage facilities on the Payette Division, Boise Project, Idaho.

One of the environmental commitments is to hold a spring meeting to discuss and evaluate concerns such as: the proposed reservoirs operation, existing water quality conditions, adequacy of water quality threshold goals, water quality monitoring programs and potential modifications, evaluate data to determine the benefits of past flow releases to the recovery of endangered and threatened salmon, status of the bald eagle recovery efforts, status of wetlands, and any other pertinent information.

You or your representative are invited to the meeting. The meeting will be held on May 8, 1995, in Reclamation's Office at 214 Broadway, Boise Idaho, from 1 to 3 pm. We look forward to seeing you.

Sincerely,

Jerrold D. Gregg
Jerrold D. Gregg
Area Manager
