March 10, 1995

Mayor Doyle Woods  
City of Horseshoe Bend  
P.O. Box 246  
Horseshoe Bend, Idaho 83629

Dear Mayor Woods:

Thank you for the information you sent to me last month concerning your flow meter readings for the 1994 water season. This information was very useful in determining your actual use of excess storage water and the adjustment of your billing for that storage water. After discussing your situation with personnel at the Idaho Department of Water Resources, we have determined that your billing for the 1994 season to be 145.6 acre-feet of excess storage water used, rather than 396.5 acre-feet on the original bill. This adjusts your balance due the Water District from \$1070.55 to \$393.12.

For your information, your water right was cut on June 12, 1994, due to the loss of natural flow from the river system, and was reinstated on October 16. Water diverted during this period was water from storage, and the owners of this storage need to be paid for the use of the water. Considering the flow meter readings provided by you, the total excess storage water charged to you is 145.6 acre-feet.

Again, thank you for your cooperation in adjusting your bill to more accurately reflect actual storage water usage. In an abnormally dry year such as 1994, use of excess storage water is essential for all users to make it through the season. If you have any questions on this or any other matter concerning the Water District, please feel free to give a call.

Sincerely,

Mark Limbaugh,  
Watermaster

September 15, 1995

Mr. Ellis Vogel  
1033 Lilac Ln.  
Emmett, Idaho 83617

Dear Mr. Vogel:

The Idaho Department of Water Resources has called for a meeting to review the water rights and the delivery of said rights on the Smith Ditch on the Payette River. This meeting is to be held on Wednesday, September 27, 1995, at the Gem County Courthouse in Emmett. The meeting is scheduled for 1:00 p.m. in the Jury Room on the second floor.

If you cannot make this meeting, please let me know as soon as possible. Thank you for your cooperation.

Sincerely,

Mark Limbaugh, Watermaster

Dave Tuthill, IDWR
