**\*\*NOTICE OF MEETING OF ADVISORY COMMITTEE\*\***

On Monday, August 28, 1995, at 7:00 p.m. at the newly completed Payette office, the Water District No. 65 Local Advisory Committee will hold a special meeting to consider the following agenda:

- A. Approval of several lease agreements leasing water to the rental pool for the 1995 season for use out of basin;
- B. Reviewing the new flood control curves presented by Jerrold Gregg, Bureau of Reclamation, at our last meeting;
- C. Discuss possible river flow levels for the month of September with IDWR personnel; and
- D. Discuss several water right issues pertaining to 1995 accounting for delivery of stored water from the river.

If you cannot attend this meeting, please let me know as soon as possible. We are meeting in conjunction with the Payette River Water Users Association Board of Directors in order to discuss the new flood control curves, as well as an update of the status of the transfer applications filed by the Bureau of Reclamation. Currently, efforts are being made to delay the hearings to push for a legislative remedy to the transfers. Please call me if you have any questions.

Sincerely,

Mark Limbaugh, Watermaster
