Re: Boise Cascade Payette River Diversion at Emmett, Measuring  
Device Considerations

Dear Mr. Spencer:

Enclosed are the comments and recommendations of Brian Sauer from the Bureau of Reclamation regarding the Boise Cascade Emmett diversion measuring device. I have reviewed Brian's letter and concur with his suggestions. I have kept a copy of his letter for my files.

Thanks again for your continued cooperation and the on-site visit you provided me and Brain. I believe you can contact Brian directly if you have questions regarding his comments or require further technical assistance for the measuring device. I may be able to provide you with some additional information on meter manufacturers and vendors as you approach actual purchase of a meter.

Sincerely,

A handwritten signature in cursive script that reads "Tim Luke".

Tim Luke
