Subj: RE: WD 65 ADVISORY BOARD MEETING

Hi Steve. Hope you had a good 4th...

In response to your questions:

1. Mr. Vogel can amend his adjudication claim at any time, but it would be best to do so based on the results of loss measurements that Mark Limbaugh is planning to compute this summer. I responded to a mail message from Mark a couple of weeks ago advising that Mr. Vogel wait until I return in the fall to file, so that we don't have to bring someone else up to speed on this one, and so that we have the results of Mark's measurements.

2. The Diversion Upgrade project received 5 qualifying proposals. The proposals have been reviewed and scored. We have computed the results of the review. Letters announcing the results are going to be sent out this week.
