Mr. Mark Limbaugh
Watermaster
Water District 65
102 N. Main
Payette, Idaho 83661

Subject: Release of Stored Water in the Payette Basin

Flood control operations in the Payette basin are completed and the release of stored water for salmon flow augmentation has been initiated.

Accordingly, operational control of releases of stored water from Cascade and Deadwood reservoirs will be transferred to you effective July 12, 1996.

Sincerely,

Jerrold D. Gregg
Area Manager
