SODA SPRINGS ID 83276

RE: Water Level Meter

Dear Wayne:

Per the arrangement you made with Tim Luke, enclosed is a Solinst Model 101 water level meter with cable wire for use in the Water District. It is our understanding that District 13-T will reimburse the Department by ordering a replacement reel (no wire) to be delivered to IDWR's Boise office. District 13-T will pay for the cost of the new reel, including shipping.

I have attached a Solinst price list and highlighted the order numbers. **The correct replacement reel is size #IT 240, and must be ordered with the electronics package.** According to the order information, you may place your order either by phone or by FAX.

Now that you have received this instrument you should also contact Paul Meyer of our Eastern Region Office, phone 208-525-7177, and arrange the return of the water level meter which you presently have on loan from that office.

Please contact either Tim Luke at 208-327-7864 or me at 208-327-5406 if you have any questions.

Sincerely,

Cindy Hodges
