Re: Water Right No. 13-07161; Diversion of Ground Water from Well Located in T9S, R40E, Section 32, NWNW, IDWR Well Number A0003599; Potential Unauthorized Place of Use.

Dear Mr. Jorgensen,

I sent a letter to you dated October 26, 1999 concerning the above referenced matter. In response to this letter, you called me directly on November 3, 1999, to discuss the matter. You stated to me that you believe that there is some mistake or misunderstanding regarding this matter. You further mentioned that you might need to talk to your employees or associates regarding the actual operation of the well during the dates mentioned in my last letter. Given your belief about a possible misunderstanding, I advised you to provide some written explanation about your use of the well on the dates described in my last correspondence. I further advised that I would provide you a few weeks to provide this written explanation.

The purpose of this letter is to remind you that you must submit a written explanation to the Department concerning the matter addressed by its letter of October 26, 1999. This written explanation must be submitted to the Department on or before November 23, 1999. Again, failure to timely respond to this request may result in a Notice of Violation and Cease and Desist Order. Such an order may carry civil penalties.

Respectfully,
