Re: Water District 13T – Gem Valley Farms Fax Dated June 2, 2003

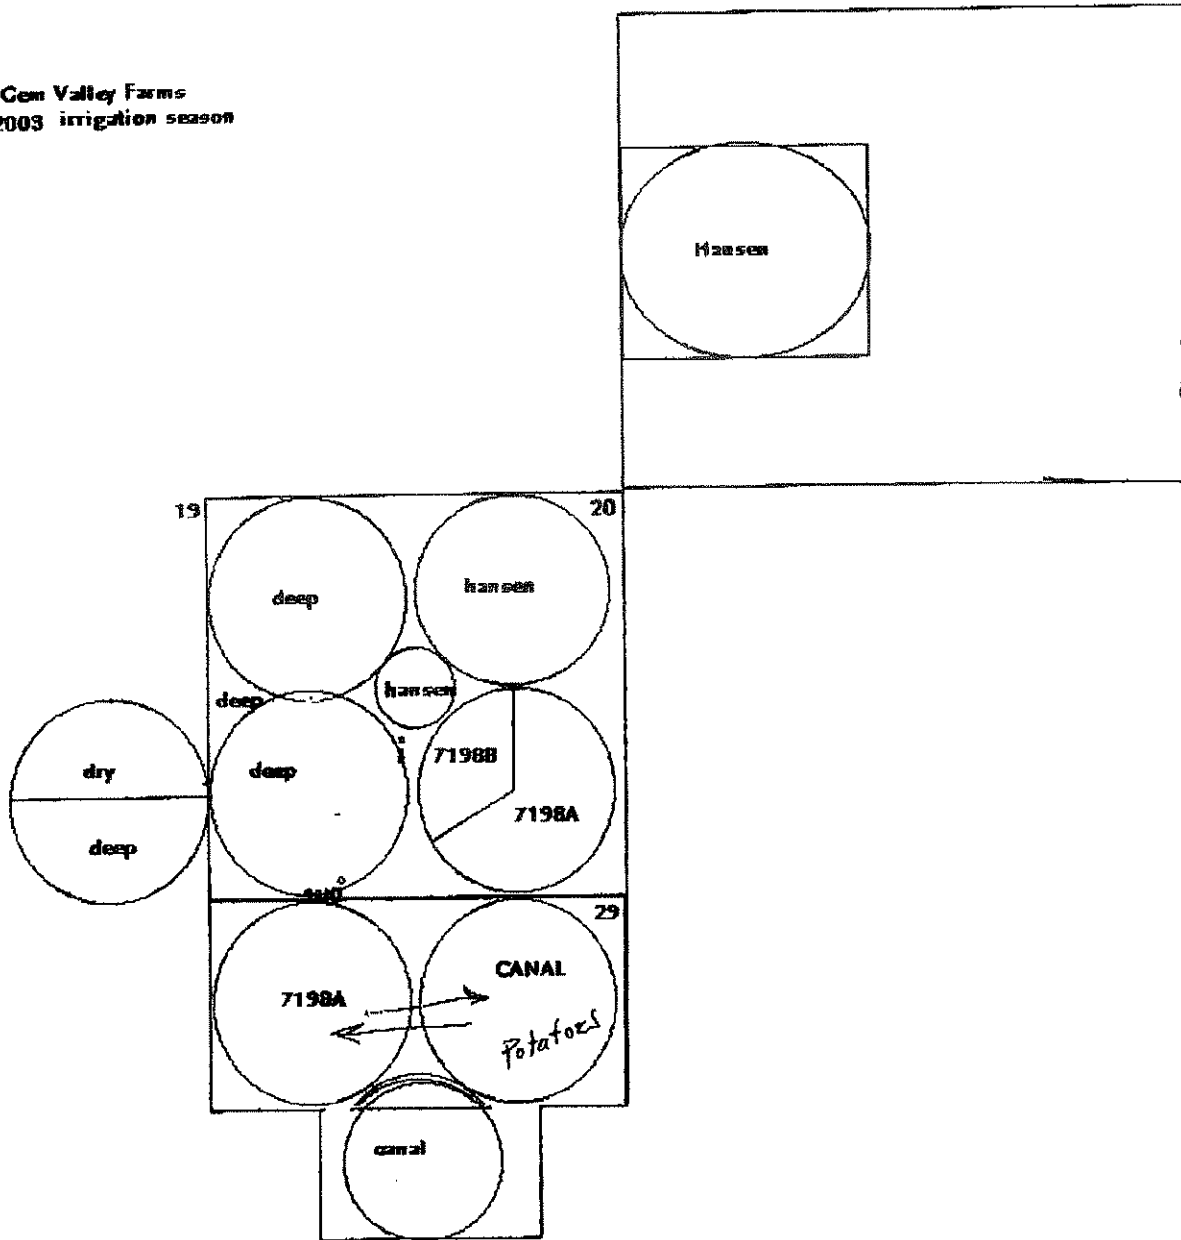

Chad,

Thanks for sending the map regarding place of use for water rights diverted from the Hansen, Deep and Christensen wells.

Your fax mentions a desire to request a change in place of use under right 13-7198 to minimize risk to your potato crop. I assume you may want to file a temporary transfer pursuant to drought emergency procedures. As you did not detail the change you had in mind, I suggest you file the temporary transfer application as soon as possible.

CC: Craig Shuler, Watermaster
Cindy Bird, IDWR

2003 irrigation season**

Tim, Here is the place of use for the "Deep Well" for 2003. Also, with the canal shortage I would like to request a change in place of use on the 7198 right to minimize risk to the potato crop. Some acreage as last year only different crop. That change can be later or we could revamp right away. Thanks Chad
