Dear Mr. Campbell:

In response to your telephone call on February 29, 2000, I found the reason your Water District had not received the forms needed for your upcoming was that this department has not received the forms needed to enable us to send you the forms. On February 9, 2000, we received a Watermaster's Report and one daily record book. Upon review, the agent found the report not to be correct. A corrected report was determined and then sent to your Watermaster for signature. This was done on February 11, 2000.

To date we still have not received the signed corrected forms. I have now been directed to mail you the forms you need to complete your meeting set for March 6, 2000, with the understanding that your Water District will submit the missing forms that were sent to your Watermaster for signature.

Thank you for contacting us. We look forward to receiving the needed forms and also to receiving all additional needed forms after the completion of your meeting.

Yours truly,

  
Darlene Newman  
Office Secretary
