

MEMORANDUM

From: L. Glen Saxton *LS*
RE: WATER DISTRICT 13T - BANCROFT-LUND
Date: October 17, 1995

The department has designated Water District 13T as the number for the Bancroft-Lund Area. There are a number of follow-up matters we probably should do to be sure the district is ready to elect a watermaster next spring. The matters include the following:

1. Correspond with the Advisory Board Members (board members) and advise them of what needs to be done for the election next spring. Items could include advising ~~up~~ of any owner changes from the list of water users we now have. Determine a potential watermaster, secretary/treasurer etc.
2. Send a copy of the Interlocutory Order which designated the number of the district as 13T to the Advisory Board Members and to Eastern Region.
3. Advise Jim Johnson of the 13T number designation so he can update various department maps, etc.

Note that the advisory board member and their addresses are noted on Norm's August 9, 1995 correspondence in the file.

The file needs to be returned to Sharla in the vault.
