

March 13, 1995

WATER DISTRICT #29, PORTNEUF RIVER  
C/O GRANT EGLEY, SECRETARY  
PO BOX 216  
LAVA HOT SPRINGS ID 83246

Mr. Egley:

I have received the districts letter of concern about fluctuating water levels and the Commercial Energy Hydroplant. The district or the watermaster will have to provide some water level data to support this complaint. At that time, Ron Carlson of this office and myself will review the data and try to provide some input.

Sincerely,

Harold W. Jones  
Water Resource Supervisor
