WATER RESOURCES  
WESTERN REGION

Jan 6, 1998

Sinker creek water users.

As I informed Cindy Hodges in mid summer of 97, I have been working at the Marsing job corp, which has since moved to Nampa Idaho, adding on that travel time to and from Nampa, I will not have enough hours in the day for the sinker creek water master job, and am resigning at the end of the 97 season.

Mary Blackstock.

I have mentioned this job to interested people.
