RECEIVED  
JUL 29 1998  
WATER RESOURCES  
WESTERN REGION

Mr. Lester:

Sunday, July 26, 98, Mr. Ihli brought to my attention that there was water running into the barrow pit area South of Mile Post 35 on highway 78. I checked this out, and found the sage brush outlet had been opened.

My records indicate that this happened between my reading July 24th weir reading at 10p.m., <sup>= 6.20</sup> and Saturday, July 25th, when my weir reading was 6.18 a drop of .02 ft. on an 8 ft. weir.

I took pictures of this, and removed the adjusting screw wheel from the outlet. No one will accept responsibility for putting the water on the sage brush ground.

Sincerely:

*Jay Hulet*
