Re: Annual meeting for Smith Creek Water District

On March 4, 1996 I attended the Smith Creek Water District's annual meeting held at 2:00 p.m. at the Elmer Ireland residence.

Including Mrs Ireland, the district secretary, there were seven users represented. They nominated and elected en masse the same officers, water master and budget. There was some discussion about some of the repairs and maintenance needed on the canal and headgate and several volunteered to complete the projects as their time allowed. It was mentioned during the meeting that they didn't call out the water master last year and hoped it wouldn't be necessary this coming season.

I discussed briefly with those attending the meeting the requirement to provide worker's compensation for the water master. They were very much in disfavor with the whole concept because of the small size of there district.

After a short business meeting we adjourned for cherry pie ala mode and coffee compliments of Mrs Ireland.
