ON MARCH 2, 1998 AT 2:00 P.M.

Forrest Freer,

Colthorp, Secretary, Maria Minicucci from Water Resources.

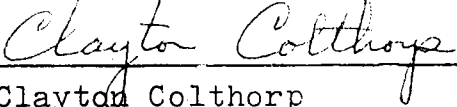

Proposed budget was adopted as presented.

Beaver are still a problem in certain areas along Canyon
Creek. There is some trapping taking place. More monitoring
will be necessary.

Maria talked to some extent about the adjudication that is
taking place now. Looks like this area will go to courts
this Fall.

This concluded the Creek rights meeting.
Meeting adjourned.
