Attention Cindy:

After reviewing the 1993 Watermaster's report you gave me I find there is no copy of the August 9th report. Please mail a copy of it to me.

Last week I visited with Mr. Tuthill, and said I could not sign the Murphy Mutual Canal Lateral Water Users Association Articles as they stand.

I will sign them if the following can be inserted.

Canal maintenance remains the responsibility of all MMC CO. users. Assessments and collections of O&M are to be handled by its officers under the scope of Idaho Code Chapter 13, Title 42, Section 42-910.

See Item 8, in Mr. Tuthill's letter dated October 3-93.

I will appreciate hearing from you.

Sincerely,

Jay Hulet
