

MEMORANDUM

July 10, 1995

TO: Sinker Creek Water District File
FROM: Cindy Hodges *cyh*
RE: Watermaster Absence

Watermaster Mary Blackstock will be unavailable from July 10-13, 1995. During her scheduled absences, I generally provide backup watermaster services if necessary. However, I am also unavailable for this time period.

Mary has arranged for Connie Brandau, Watermaster for Reynolds Creek, to act as interim Watermaster for Sinker Creek for the above period, should the need arise. All water users have been contacted and a Watermaster visit before Friday, July 14 is not anticipated. However, Connie has possession of or access to the keys for Hulet gatehouse and has authorization to make any necessary adjustments.

Connie may be reached at 208-495-2529.
